The teachers of Fontana High School take pride in doing a good job in teaching the students how to succeed in life's activities. Many of the teachers get involved in the activities around campus.

The students respect them more for wanting to get involved. Every teacher is different, and no teacher does the same as another. That's what makes our Faculty so special.

The pep squads spend long hours perfecting yells and going over their routines. Band members putt until they're all puffed out trying to reach that highest note. Players lift weights and run through drills, ignoring the aches and pains, and growing feelings

that their **Performance** will reflect their pride and love for their school.

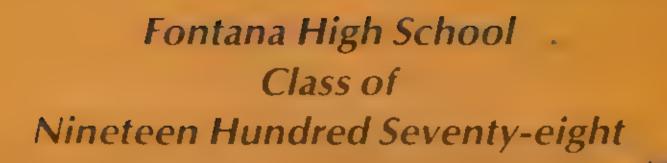

. . . Lubi Students enjoy getting involved in activities on and off campus. They love to make it clear to everyone that they have Steeler Pride

The long awaited moment is here. It's time for congratula-tions, good-byes, and a little bit of anxiety too.

We face uncertainty about the real world, the future, and losing touch with good friends.

But we have great memories, the memories of our high school years, of the friends we've made, and the good times we've shared, our happy times as well as the sad. These years shall be cherished all of our lives.

FOHi Administrators

After ten years at Fontana High School, John P. Cap piello has decided to step down and has asked to be reassigned to another position in the school district

Since this is Mr. Cappiello's last year as principal of our high school, the 1977-78 yearbook staff thought we should get some information on Mr. Cappiello's life and what he's going to do after he steps down from his job as principal

Mr. Cappiello, born in Jersey City, New Jersey, came. southwest to Los Angeles via Oregon. After his stint in the Navy, he went to Port and Oregon to matriculate at the University of Portland, and finished the work for his Master's Degree in Education at the University of Oregon.

He spent his first five years of teaching and coach ing in Portland and Eugene, Oregon. In 1955, Cap piello migrated south to Morningside High School, in Inglewood, California, where he taught Spanish, social studies, and physical education, and coached every one of the major sports

In 1960, Cappiello was appointed Assistant Principal at Inglewood High School, and served as administrator at the school until 1968 when he came to Fontana High School as Principal

The exciting Principal is 58 years old, and, after 28 years as an administrator, said, "There's a lot of pressure and strain on this job, and I've come to feel I need a change.

Cappiello's new assignment will be Principal of the summer school program and Associate Principal of the Fontana Unified School District Adult School program He stated, "I expect to keep up my association with

Fabulous Fifties

On Oct 8, 1977, Fohi's cafeteria was filled with nostalgia from the 50's. The dance floor was covered with cool cats dressed in leather farkets with their hair slicked back into duck tails. The girls were dressed in full skirts and oxfords. This swing ng dance was sponsored by Fohi's Orift Team. The sounds that kicked off the night were nostalgic tunes and the top 40 records of today, which were played by Steve and Norm from Do-It Disco.

The Atmosphere was set with lavender and I ght green streamers, along with flashing strobe lights. The center pieces were old fash loned coke bottles and oldie but goodie records. Decorations were done by Mary Jana Mena and Barbara Moore.

Students patiently stood in line waiting to have their pictures taken by Mr. Dunn and Mr. Ewing. The background for the 50 s pictures, a locker room scane, was designed by Tina Lard...

With the background of a yellow 32 chevy, which was donated by Gary Stanley, the 1977 Flapper's Fling Dance was a good nostalgic trip back nto the 20's, "A Roaring Good Time" was the theme for the dance and this message was carried throughout the night. Fullhouse provided the music for the evening. The center pieces which nicely decorated the tables, were made up of a light post with an original 1920's car beneath it Cakes and cookies were served along with an orange drink throughout the night The dance began at 8 00 and ended at 12 00. Sadie Hawkins

This year on January 14, 1978 there was a revival of one of Fohi's dances. It was Sadie Hawkins, which turned out to be a footstompin' good time. It began at 8.00 p.m. and ended at 12.00 p.m. During this time couples danced and enjoyed refresh ments which included assorted cook les and Mountain Dew. When couples weren't dancing, they were able to be married at mock shotgun weddings, complete with their own marriage cer tificate or get their pictures taken next to an outhouse on a bale of hay.

For the occasion, the cafeteria was decorated with bales of hay, outhouse, and barpyard animals. Music was furnished by Norm and Steve from "Do it Disco". They played the tunes most requested by couples. Sadie Hawkins was sponsored by the Junior

Junior-Senior Prom

The Junior-Senior Prom of 1977-78 was held on the Queen Mary, in Long Beach, on April 8, 1978. The dance began at 8 00 p.m. and lasted until 12 00 p.m. The music was provided by Message. About 8 30 p.m. a buffet dinner was served which included an assortment of domestic and imported cheeses with a tray of Genoa Salami. The main courses of the dinner were baked ham with cumberland sauce, beef bourguignonne with pearl onions and mushrooms. The dessert was chocolate mousse

The highlight of the evening was the announcement of the 1977-78 Prom Queen, Suzette Bowen and her princesses, Pam Gall, Debbie Master, Kelly Sargent and Marcia Chavez. The centerpieces which were placed on each table were made up of a yellow ribbon rose, delicately posed in a white milkglass vase with Fohi 1977-78 Prom printed on the front

The theme this year was "You Light Up My Life." Pictures were being taken throughout the night with the background of a tall basket full of white and yellow flowers.

The time and effort that the Junior class spent planning this year's prom, made it one of the best proms at Fontana High School

Boys Swimming

Swimming is an individual sport as well as a team sport. As an individual sport, each swimmer tries to better his times in his events. As a team sport, each swimmer must do his part by placing well. The better the individual places the more points the team receives

The swim team has two types of swimmers: the short-distance swimmers and the long-distance swimmer The short-distance swimmers compete in the 50 yard freestyle, 100 yard freestyle, backstroke, butterfly, and breaststroke. In these events, quick ness and speed are important. The long-distance swimmers compete in events where strength and endurance are most important; events such as the 200 yard freestyle and the 500 yard freestyle.

Before the dual meets started, the swim team went through weeks of conditioning
